Our subscribers who send us money, will please observe that the receipt is acknowledged by the change made in the date on the printed slip, which is pasted on their paper. The date on which slip marks the time up to which we have received payment. The change may be looked for, the week after the money is received.

CITY ELECTION.

January 14, 1882.

FOR MAYOR.

We are authorized to announce ROBT. H. WILLIAMS as a candidate for Mayor at the ensuing election.

FOR ALDERMAN.

We are authorized to announce WM. KLEMMANN as a candidate for Alderman from the 7th Ward at the ensuing Municipal election.

We are authorized to announce JOHN BUCK as a candidate for Alderman from the 1st Ward at the ensuing Municipal election.

We are indebted to Hon. J. F. House for valuable public documents.

There was a mis-trial in the circuit court this week on the turkey case.

WILLIAM BUCK has moved his Barber shop to the room over V. L. Williams's shoe store.

The Cumberland river is on a big boom, and fears are entertained that it will overflow its banks.

The exposition building at Atlanta has been sold for a cotton factory.

The Western Methodist has removed from Little Rock, Ark., to Memphis, where it will hereafter be published.

You only have to work the road six days this year, and if you don't choose to work, you can just pay your \$3.00 a day and cost.

The election for Mayor and Aldermen takes place to-day. Let everybody vote, but let them keep cool and vote for the best interest of the city.

"OLD BONES"—a horse belonging to Mrs. Dick near the city, died on Sunday last. He was 23 years old and had done valuable service during his long life. Peace to his bones.

Geo. W. LEIGH was appointed tax assessor for this, the 12th dist., by the County Court last week. We inadvertently left his name out of the list of assessors published last week.

From a notice on our first page it will be seen that Mr. V. L. Williams, the live shoe merchant, has made some very large reductions in the price of boots, shoes &c., since January the 1st.

MR. R. W. ROACH, the enterprising dry goods merchant, has some fresh specials in this issue, which we would call your attention to. Read them.

A WOMAN at Montgomery, Ala., on last Monday, climbed the golden stairs by the Kerosene route. It is now becoming one of the most expeditious and surest route. All that is needed for the journey is a can of kerosene and a fire.

GUTHRIE received several checks for sums of money on last Saturday which he used to pay the bills of the banks for collection, but they proved worthless. He will hand in his own "checks" before long and the action will receive the endorsement of the entire civilized world.

Thus far January has been very mild, with annual quantity of rain. The river being bank full and running over. The farmers are having a fine tobacco season and are busy delivering their tobacco to the factories. Our streets are crowded daily with wagons bringing in the weed. Let it come on.

We are glad to see that our friends on Greenwood avenue are putting down a substantial plank walk from Mr. Polk G. Johnson's residence to the railroad bridge, this street has been almost impassable during the recent rainy season. May the good work go on to a speedy completion.

A good many of our subscribers have renewed their subscriptions to the CHRONICLE, and for which we are thankful, but there are a great many who have not yet put in "their appearance." We wish to say that we have not "given them out" by any means and we believe they will "come in" as soon as they can make the necessary arrangements. On account of the short crop last year, money is very scarce, but it must be remembered that our paper only cost two dollars a year, and almost every man in the country can pay that amount at any time. Help us friends and we will help you.

MR. R. D. MOORELEY, trustee under the recent assignment of Capt. J. J. Grissman, has issued a circular letter, calling for a meeting of the creditors at Capt. Grissman's counting room, on next Wednesday, January 18th, when will be presented for their consideration a complete estimate of the indebtedness and a schedule of the assets and an estimate of the value of the same. He states that, at present, from the best information at his disposal, the indebtedness will amount to about \$47,000, and the assets to about \$27,000.

We would call the attention of our readers to the announcement of the re-opening of Mrs. Sue F. Mooney's school for girls, boys and young ladies, at her home on College street, this city. It is needless for us to speak of the qualifications and abilities of Mrs. Mooney as a teacher of the young, to the citizens of Clarksville and the surrounding country. She is known to them all as a lady peculiarly qualified, by her scholarly attainments and noble nature for such a work. She has before, for years, taught school in this city, and many a high-minded young man, and intelligent young lady hereabouts can bear evidence to her capacity and worth as a trainer of the intellectual and moral nature of the young. Her school commences on Monday January the 23rd.

THERE was a called meeting of the Board of Mayor and Aldermen on last Tuesday afternoon to consider the proposed compromise offered by the city by the L. & N. R. R., in the matter of the back railroad tax claimed to be due to the city under the recent decision of the Supreme court on this question. The railroad offered to pay to the city the sum of \$172,300 in full payment for all back taxes claimed by the city prior to the year 1881 just passed. This compromise was considered by the Board and the Mayor, and, upon recommendation of the city attorney, was accepted by the board. The fund was paid into the city treasury this week.

MR. HARRY M. GOODMAN, a young gentleman of Louisville, Ky., has invented an instrument called the "Galvanophone" which is said to be an improvement on the telephone. He has sold his invention to the Bell Telephone Company for \$15,000. It is to be hoped the galvanophone is a little more interesting than the telephone, with a gal at the other end. There isn't near enough gal-van-ism about the latter for us.

From the Southside.

EDITOR CHRONICLE:—It still rains and they still marry on this side of the river.

Yesterday evening I put on my gum wrappers for a trip to Collinsville to marry a couple, and just as I was about to start the rain began to fall, and my wife said, you had better put on your gum coat, I did and well for me that I did, for it rained in a perpendicular line straight down, and I said let it rain, what do I care if it does rain, for it rains off of this coat as fast as it runs on.

I reached Esq. Harper's at Collinsville in time for dinner, and I drafted him into the service. Soon the groom, Mr. W. L. Weems and his escort came up, and Esq. T. Harper and myself left in line and about a mile from Collinsville we halted at the widow Moore's and went in. Soon in walked Mr. Frank Moore, with Miss F. Moore as bridesmaid to the left, then Mr. Edgar Orgain with Miss Antonia Gray, they filed to the right, then Mr. W. L. Weems with Miss Sophie Moore occupying the center until they were made one in holy wedlock. Then the crowd started for the point of reception which was given at the groom's mother's Mrs. Weems, five miles south of Collinsville, near the old Tennessee turnpike. It was a splendid occasion, and the many friends were made cheerful and happy thereby.

Brother Callum must make a different "sermon" with the brethren in black if he does not, he will be regarded by them as in opposition to equal rights and the fifteenth amendment. So be careful brother Callum how you tamper with the heart's affections between two timid ones. You may belaud their future, and leave them to battle with disappointed hopes.

B. M. STEPHENS, Southside, Jan. 11, 1882.

EDITORS CHRONICLE:—It is a very late day for the ladies of the Free Society to express thanks to various persons for kindnesses rendered during the bazaar, but owing to the inclemency of the weather and the Christmas holidays, the ladies have not had a formal meeting sooner, so would now like through you columns, to express their thanks, first, to Mr. Dave Hendricks, who so kindly allowed them the use of his storehouse, and next to all the merchants who so liberally donated articles to the bazaar; to Mr. Glascock for a donation of coal; to all who contributed in any way to the bazaar, and to all who patronized the bazaar, the ladies return their sincere thanks to one and all, not excepting you, Mr. Editor, and the polite editor of the Leaf.

LADIES OF THE FUND SOCIETY.

DR. WM. E. BUTLER, one of the oldest and wealthiest citizens of West Tennessee, died at his home in Jackson on Friday of last week. He was a staff officer of Andrew Jackson in the war of 1812 and also a member of Congress from that district.

EVERY citizen of Clarksville ought to turn out to-day and elect good men to office.

The Clarksville Female Academy.
The spring term of the Clarksville Female Academy will begin on Monday, January the 30th as may be seen from its advertisement in this issue. It is indeed gratifying to learn that the success of this institution for the past term has fully come up to the most sanguine expectations of its able and gentlemanly president, the Rev. John S. Collins. Mr. Collins' efficient management of the institution for the past five months has fully convinced the public that he is the right man in the right place, and that he will leave nothing undone to sustain the well-merited reputation which this Academy has always held as one of the very best institutions for the education of young ladies in the south. The generous support which it has received during the past term is the highest evidence of the confidence in which it is held by its friends and patrons. Its corps of teachers is full and efficient, and to those having daughters to educate we will say that there is no better female school in the whole land.

The Booming Cumberland.
Old Cumberland is on a high old tear, the continuous rains of the past ten days swelling her to overflowing. She has not yet covered the highest evidence of the confidence in which it is held by its friends and patrons. Its corps of teachers is full and efficient, and to those having daughters to educate we will say that there is no better female school in the whole land.

THE prospects for an ice crop this winter may be gloomy, but it need cause no gloom to settle upon the countenance of any one who may dread the pain of a feverish and parched tongue the coming summer; for if you will turn to another column in our paper, you will see there displayed the advertisement of Messrs. Bowling, Bro. & Turney, by which they wish to assure the public that they are now and will continue to manufacture the very finest quality of clear spring water ice. Mr. Ed. Turney has recently been admitted as a full partner into this firm and will hereafter devote his attention to the business of the firm. The business attainments and character of all these gentlemen is a guaranty of what they will do for their patrons.

We are deeply indebted to our friend Mr. S. D. Ramey of the Southside for a good sized watermelon which he kindly sent us this week. The fact that it contains about ninety-five consecutive chills to the square inch makes it none the less appreciated by us. We have not yet eaten it, however, but have kept it with the generous intention of swapping it off to our respected opponent for alderman, for one of his nice burial caskets in which to bury our defunct political aspirations should he defeat us for that high office to-day.

A Change.

Messrs. Kincannon, Wood & Co. the popular tin and hardware merchants have dissolved partnership. Each of the gentlemen going into business for himself in the same line. Mr. Kincannon remaining at the old stand and Mr. Wood occupying for the present the store formerly occupied by Castner Beaumont & Co. These gentlemen are both live, wide-awake merchants and have been very successful in their former business associations and we trust will be equally so in their separate enterprise.

THE Chestnut County New Era brings us to task for saying that Mr. H. Riddleberger, who was recently elected to the United States Senate from Virginia succeeded Joseph E. Johnston. We acknowledge the error brother Powers, and stand corrected. It is Senator J. W. Johnston who Riddleberger succeeds, but you know these reputations are offensive anyhow, and the name Riddleberger reminds us so much of Linberger, that we dashed off the paragraph hastily and dismissed it without thought.

A correspondent writing to the Catiz, Ky., Telephone, from Montgomery, Trigg County, Ky., says: "The people of Montgomery and the surrounding country are very hopeful about the Mobile, Clarksville and Evansville railroad. They believe it will be built notwithstanding the violent opposition of Hopkingsville." We can assure the good people of Trigg county that this work will be built and that, at no distant day. Let them continue to work and render us all the aid possible in this grand enterprise and they will bless the day the M. & C. & E. railroad is run through their country. The road is now a fixed and certain enterprise.

THERE are no two cleverer young business men in this city than Messrs. Jo. Mattill and Frank Rawls who have associated themselves together in the mercantile business at the convenient stand formerly occupied by R. E. Gilbert. The young gentlemen have a nice, fresh and tastefully selected stock of confections and fruits, and keep constantly on hand a fresh supply of the choicest home-made candy. Give them a call.

The famous pedestrian, Daniel O'Leary, will commence a one hundred mile "go-as-you-please" walking match at Nashville on next Tuesday, the 17th inst.

HOOVER county is to have a good substantial Court House. Bids for the building of same were submitted to the commissioners on last Tuesday.

THE success of Tennesseeans in lotteries is likely to become proverbial. Even Senator Smith came near drawing a prize in "the lottery of assassination."

To-day is the city election. Vote for the best man.

Health Officer.
The Health Officer desires to call attention to the following sections of the Health Ordinance passed by the city Board April 4, 1879, and to the subjoined announcement:

1. The existence of unvaccinated persons (excepting those having the smallpox or varioloid over one year of age in the city of Clarksville is hereby prohibited, on all persons, parents or guardians, not complying with this law shall be considered guilty of a misdemeanor, and shall be liable to a fine of (2) two fifty-one hundred dollars and an additional fine of (3) two fifty-one hundred dollars for every day (30 days) thereafter they delay in having the operation performed. Provided, that this section, in its application shall not be in force until the Health Officer shall be in possession for carrying out the provisions of this section.

2. The Health Officer shall provide himself with vaccine virus at the cost of the city, and shall distribute same to all physicians on his application, and he shall also be required to perform the operation of vaccination upon all who may apply to him for same, and shall not prohibit the Health Officer from charging those able to pay for such service.

3. From and after the passage of this ordinance it shall be the duty of the Superintendent of the Public Schools to allow any pupil to be entered upon the rolls, or to be admitted into the Public Schools, who does not present a certificate from some practicing physician in good standing, setting forth the fact that the operation of vaccination has been successfully performed upon such child.

In accordance with the above the Health Officer is now prepared to furnish physicians pure virus and also to vaccinate all the poor of the town, who may call at his office daily a 8 to 10 o'clock a. m.

C. W. BEAUMONT, M. D. Health Officer.

To Mr. John D. Moore, President Board of Education.—In pursuance of the provisions of the municipal law establishing a Board of Health, etc., I shall have my assistants attend the Public Schools on Wednesday next and day after thereafter until through with the work of vaccinating all children who have not been vaccinated. Please direct the Superintendent of the schools to advertise the above to the schools at once.

Very Respectfully &c., C. W. BEAUMONT, M. D. Health Officer.

On last Monday and Wednesday nights Mr. H. Kinney, the champion billiardist of Michigan, gave an exhibition of his skill with the cue and fingers, at Louis Michel's billiard parlors at which there were large audiences and some fine sport enjoyed by lovers of the game. Mr. Kinney, although quite a young man, may be ranked among the most expert billiard players of the country, although it is heretofore experienced prescriptionist in the person of Mr. Adolph Kunz, of Louisville, Ky., who is now in charge of his prescription department. Mr. Kunz is a regular graduate of the Louisville pharmaceutical college, which certainly is a sufficient guaranty of his accuracy and proficiency in the compilation of prescriptions. He will always be on hand to fill prescriptions.

GREEN county, this State, seems to be having a bad run of luck. The county jail, valued at \$5,000, was destroyed by fire last Monday night. The prisoners fired the building, hoping to escape during the excitement which ensued, but were surrounded and captured. This makes a total loss of \$13,000 to Greene county within the last three months, the trustee's safe having been robbed in October last by burglars, and \$3,000 of the county's funds taken therefrom.

THE Hopkingsville Republican says: "It is a mistake to suppose that the advocates of good roads in this county are opposed to the building of the Princeton and Clarksville road. Let it be borne in mind that the people of this county want the Princeton and Clarksville railroad."

In view of the fact that the smallpox is being spread through the country, and that in numerous instances tramps have been the means of infecting whole communities, we suggest that the city authorities issue strict orders in regard to these peripatetic gentlemen, as we can very well dispense with their company.

READ the advertisement of "Minglewood Place" for sale. This is one of the finest farms in Montgomery county. Any one desiring an elegant country place could not fail to be pleased with this. It is situated just four miles south of the city. Apply to Mr. Ed. Drane for terms.

TENNESSEANS have been remarkably lucky in drawing prizes in lotteries for the last year or more. Four of the capital prizes in the Louisiana lottery have been drawn in this State within the last twelve months. J. M. Davis, of Moraine Star, Shelby county, drew the \$300,000 prize on last Thursday.

A MAN named Walter Nicholson purporting to be from Warren county, Ky., was shot at Guthrie on last Monday evening by Mr. Tom. Buck, who lives near that place. Nicholson was shot in the left shoulder. His wound is not considered dangerous.

LAST Monday evening an old man named J. D. Cumby was shot and killed in the back yard of Fletcher's saloon at Elkton, Ky. It is not certainly known who did the shooting.

We learn that on last Wednesday James Somerville shot and killed Dock Ashabramner, at Adairville, Ky. Somerville was on his escape, but at last accounts had not been arrested.

SOCIETY in P. V. has been on the "qui vive" for several weeks anticipating the marriage of our popular widower Maj. Tyson to the lovely Miss Mary Wall of Grantville, Montgomery county. The happy event took place at the home of the bride last Thursday—Rev. H. L. Burney officiating. The ceremony being over refreshments were served—after which the bridal party started for Pleasant View. At night a grand reception was given at the home of the groom—hundreds assembled there to greet the fair bride and handsome groom, and many were the wishes that their voyage on the matrimonial sea might be pleasant and happy. The evening proved to be one of the most enjoyable and pleasure long to be remembered by those present. The tables were laden with all the delicacies of the season—neither meat nor expense were spared in preparing for the occasion.—Chatham County News Era.

FOR RENT!

With 35 or 40 Acres of Land, Fresh Groceries!
